

Thank you for your continuing support this past term. The children have worked very hard and enjoyed some really exciting activities. I would like to thank all the staff for their enthusiasm, hard work and for making this a great school to work in. Enjoy a very relaxing holiday and we are looking forward to seeing you all again on Tuesday 8th June.....please remember that Monday 7th June is a staff training day.

New lunchtime arrangements. This week your children have been asked to think about who they would like to have their lunch with each day. This is part of a new arrangement for lunchtime that we are planning to implement in the week beginning 15th June. It will ensure that the children enjoy their lunchbreak experience rather than endure it. I will be writing to you soon with further details.

BOOK FAIR.

Thanks to Mrs Lamberth who organised our recent summer book fair.

The fair proved very popular and the total raised was £455. This will be matched with new books for the school which have been selected by Mrs Lamberth for the library.

Thank you for coming along and showing your support.

Early Birds and Night Owls.

Our child care clubs have spaces at the moment so if you would like to take advantage of the facility then please contact Mrs Mary Rowe (EBNOs manager) or the school office.

Early Birds and Night Owls would also be very grateful for any bikes, trikes, scooters, toy pushchairs or prams that you would be willing to donate. Again please contact Mrs Mary Rowe if you have any such donations to make.

We are still working very hard on the arrangements for September and I will be writing to you on Friday 18th June with details of the staffing and class organisation. Thank you for your patience in this matter.

Lateness.....Please remember that the school day starts at 8.45am and that all children should be on the playground by this time, ready to be collected by their classteacher when the whistle is blown. Thank you.
